# Background

*“ISO should only publish standard which reflect the needs of all regions of the world.”*

- Start from Cortopassi 1-1-1 dream
- Provide rules and tools for TC/SCs

# TMB Solution

- Global Relevance (GR) policy and guidance
- E.G Options to reflect market differences
- Avoid technical barrier to trade
- Market driven

# TC/SC Chairs highlights

- Export GR around the world (UN, IEC, EU, ...)
- Define KPI for GR (adoptions, translations, ...)
- Promote GR conformity assessment set
- Consider GR in business planning
- Ask CEN Members to promote ISO GR in Europe

# Global Relevance Motto

Global standards used locally,  
worldwide.

Norme globali usate localmente,  
In tutto il Mondo.
