

ISO Annual Meeting 2023
18-22 Sept
Brisbane

Hosted by

STANDARDS Australia

Come and join us

18-22 September

The **ISO Annual Meeting** is a **unique convening opportunity** for timely discussion on emerging **trends and challenges** related to International Standards and their role in achieving the global sustainable development agenda.

The week-long **hybrid programme** will be shaped around the overarching theme **"Meeting global needs"** and will feature a series of interactive sessions, workshops and networking activities, open to anyone with an interest in International Standards and eager to engage in forward-looking dialogue – from the ISO community to civil society, international organizations, the private sector, decision-makers and academics.

"I have seen first-hand how standards shape our world. It takes collaborative leadership, agreed standards and regulation, established policies and great initiative to solve global problems. The ISO Annual Meeting is the opportunity to come together to share knowledge and gain new perspectives on how standards can make lives easier, safer and better."

Ulrika Francke
ISO President

"This year's ISO Annual Meeting will be a historic moment for our community. You can expect a first-class programme, inspiring speakers and a venue designed for high levels of participation, discussion and collaboration. We look forward to welcoming you."

Adrian O'Connell
CEO of Standards Australia
