Call for experts ISO/TC 260/WG 1 'Terminology'

To all P, O and L members of ISO/TC 260 'Human resource management'

Dear P- and O-members,

At the first meeting of ISO/TC 260 (Washington, 2011) it was decided to establish a Working Group for 'Terminology'.

To ensure all experts are informed and nominated by their national member bodies this call for experts is circulated.

Main task for the Working Group is to collect and develop terminology in the field of human resource management, which can be used by the TC in the development of future standards and guidelines.

P-member countries are requested to nominate representative expert delegates to participate actively in the work of ISO/TC 260/WG 1. O-members who want to nominate experts are requested to consider changing their membership into P-member.

Nominated experts can be added by their national member bodies to the ISO Global Directory, preferably before 31 March 2012.

When you have any further questions, please contact the ISO/TC 260/WG 1 convenor, stephanie.jansen@nen.nl.

Yours sincerely,

Stephanie Jansen
