

# Updating information

## Updates on ISO 3166-1

Updates on ISO 3166-1, i.e. to the list of country names and country codes in ISO 3166-1 are available as [ISO 3166-1 Newsletters on the Website of the ISO 3166/MA](#). These updates take the form of PDF documents. Users of the ISO 3166-1 database product will have to incorporate the changes into their own system.

## Updates on ISO 3166-2

Updates on ISO 3166-2, i.e. to the list of country subdivision names and country subdivision codes are available as [ISO 3166-2 Newsletters on the Website of the ISO 3166/MA](#). New updates will take the form of .PDF and .DOC documents. Users of the ISO 3166-2 database product will have to incorporate the changes into their own system.

## Subscription

Customers who want to be notified of changes to the standards announced by the ISO 3166 Maintenance Agency should [subscribe to our newsletter](#). We will be glad to include their e-mail address into our mailing list.

We do not, however, offer a subscription system by means of which registered users of the database versions of ISO 3166-1 and/or ISO 3166-2 would receive updated database versions whenever changes are made.
